ISO 19723-1:2025-12 (E)

Road vehicles - Liquefied natural gas (LNG) fuel systems - Part 1: Safety requirements

Contents

Page

Foreword iv

Introduction v

1 Scope 1

2 Normative references 1

3 Terms and definitions 2

4 Requirements 4
4.1 Design 4
4.1.1 General 4
4.1.2 Components 5
4.2 Refuelling 8
4.2.1 General 8
4.2.2 Receptacle location 8
4.2.3 Receptacle mounting 8
4.2.4 Minimum receptacle clearance 8
4.3 Leakage control 8
4.4 Mounting of the tank(s) 9
4.5 Heat protection 9
4.6 Minimizing risk of gas ignition 9
4.7 Venting system 10
4.7.1 General 10
4.7.2 Ventilation lines for PRVs 10
4.7.3 Vent line closures 11
4.8 Gas temperature sensor 11

5 Instructions for use 11

6 Marking 11

Annex A (informative) Technical solutions to functional requirements 12

Annex B (informative) Liquefied natural gas (LNG) on-board fuel systems 13
