DIN EN 15283-2:2009-12 (E)

Gypsum boards with fibrous reinforcement - Definitions, requirements and test methods - Part 2: Gypsum fibre boards (includes Amendment A1:20 09)

Contents

Page

Foreword 4

Introduction 7

1 Scope 8

2 Normative references 8

3 Terms and definitions 9

4 Requirements 11
4.1 Mechanical characteristics 11
4.2 Fire behaviour 12
4.3 Acoustic properties 12
4.4 Water vapour permeability / water vapour resistance (expressed as water vapour resistance factor) question for the mandate 12
4.5 Thermal resistance (expressed as thermal conductivity) 12
4.6 Dangerous substances 13
4.7 Dimensions and tolerances 13
4.8 Additional requirements for gypsum fibre boards with reduced surface water absorption types GF-W1 and GF-W2 13
4.9 Additional requirements for gypsum fibre boards with reduced water absorption rate type GF-H 13
4.10 Additional requirements for gypsum fibre boards with enhanced density type GF-D 13
4.11 Additional requirements for gypsum fibre boards with enhanced surface hardness type GF-I 14
4.12 Impact resistance 14

5 Test methods 14
5.1 Sampling 14
5.2 Determination of width 14
5.3 Determination of length 15
5.4 Determination of thickness 16
5.5 Determination of squareness 17
5.6 Determination of flexural strength (bending strength) 19
5.7 Determination of deflection under load 21
5.8 Determination of surface water absorption 22
5.9 Determination of total water absorption 23
5.10 Determination of density 23
5.11 Determination of surface hardness of the board 24
5.12 Determination of shear strength (strength of board/substructure connection) 26

6 Evaluation of conformity 28
6.1 General 28
6.2 Initial type testing 28
6.3 Factory production control 28

7 Designation of gypsum fibre boards 29

8 Marking, labelling and packaging 30

Annex A (informative) Sampling procedure for testing 31

A.1 General 31
A.2 Sampling procedure 31

Annex B (normative) Mounting and fixing for testing according to EN 13823 (SBI) 32

Annex ZA (informative) Clauses of this European Standard addressing the provisions of EU Construction Products Directive 34

ZA.1 Scope and relevant characteristics 34

ZA.2 Procedure for attestation of conformity of gypsum fibre boards 35

ZA.3 CE marking and labelling 38

Bibliography 41
