# DIN EN ISO 18113-2:2013-01 (E)

## In vitro diagnostic medical devices - Information supplied by the manufacturer (labelli ng) - Part 2: In vitro diagnostic reagents for professional use (ISO 18113-2:2009)

## Contents

Page

1 Scope ..... 5

2 Normative references ..... 5

3 Terms and definitions ..... 5

4 General ..... 6
4.1 Essential requirements ..... 6
4.2 Identification of kit components ..... 6

5 Content of the outer container label ..... 6
5.1 Manufacturer ..... 6
5.2 Identification of the IVD reagent ..... 6
5.3 Contents ..... 6
5.4 Intended use ..... 6
5.5 In vitro diagnostic use ..... 7
5.6 Storage and handling conditions ..... 7
5.7 Expiry date ..... 7
5.8 Warnings and precautions ..... 7

6 Content of the immediate container label ..... 7
6.1 General provisions ..... 7
6.2 Manufacturer ..... 8
6.3 Identification of the IVD reagent ..... 8
6.4 Contents ..... 8
6.5 In vitro diagnostic use ..... 8
6.6 Storage and handling conditions ..... 8
6.7 Expiry date ..... 8
6.8 Warnings and precautions ..... 8

7 Content of the instructions for use ..... 9
7.1 Manufacturer ..... 9
7.2 Identification of the IVD reagent ..... 9
7.3 Intended use ..... 9
7.4 Principles of the examination method ..... 9
7.5 Traceability of values assigned to calibrators and trueness-control materials ..... 9
7.6 Components ..... 10
7.7 Additional required equipment ..... 10
7.8 Reagent preparation ..... 10
7.9 Storage and shelf life after first opening ..... 10
7.10 Warnings and precautions ..... 10
7.11 Primary sample collection, handling and storage ..... 11
7.12 Examination procedure ..... 11
7.13 Control procedure ..... 11
7.14 Calculation of examination results ..... 11
7.15 Interpretation of results ..... 11
7.16 Performance characteristics ..... 11
7.17 Biological reference intervals ..... 12
7.18 Limitations of the examination procedure ..... 12

**7.19 Literature references ..... 12**

**Bibliography ..... 13**

**Annex ZA (informative) Relationship between this European Standard and the Essential Requirements of the EU Directive 98/79/EC on "in vitro Diagnostic Medical Devices" ..... 15**

**Foreword ..... 3**

**Introduction ..... 4**
