DIN EN 13476-2:2007-08 (E)

Plastics piping systems for non-pressure underground drainage and sewerage - Structured-wall piping systems of unplasticized poly(vinyl chloride) (PVC-U), polypropylene (PP) and polyethylene (PE) - Part 2: Specifications for p ipes and fittings with smooth internal and external surface and the system, Type A

Foreword 4

Introduction 5

1 Scope 6

2 Normative references 6

3 Terms, definitions, symbols and abbreviations 8
3.1 Symbols 8
3.2 Abbreviations 9

4 Material 10
4.1 General 10
4.2 Unplasticized poly(vinyl chloride) (PVC-U) 10
4.3 Polypropylene (PP) 11
4.4 Polyethylene (PE) 12
4.5 Sealing rings 14
4.6 Fused or welded joints 14
4.7 Adhesives for PVC-U 14

5 Designation of wall constructions and examples of typical jointing methods 15
5.1 General 15
5.2 Wall constructions designated as Type A 15
5.3 Designation and design of joints 16

6 Appearance and colour 16

7 Geometrical characteristics 16
7.1 General 16
7.2 Dimensions 16
7.3 Types of fittings 22
7.4 Design length of fittings 22

8 Physical characteristics 22
8.1 Unplasticized poly(vinyl chloride) (PVC-U) 22
8.2 Polypropylene (PP) 23
8.3 Polyethylene (PE) 24

9 Mechanical characteristics 25
9.1 Mechanical characteristics of pipes 25
9.2 Mechanical characteristics of fittings 27

10 Performance Requirements 28

11 Marking 30
11.1 General 30
11.2 Minimum required marking 30

11.3 Additional marking 31

Annex A (normative) Virgin PVC-U material 32

Annex B (normative) Utilisation of non-virgin PVC-U material 33

B.1 Reprocessable and recyclable material from pipes and fittings 33
B.2 External reprocessable and recyclable materials with agreed specifications 33
B.3 External reprocessable and recyclable materials not covered by an agreed specification 34

Annex C (normative) Virgin PP material 36

Annex D (normative) Utilisation of non-virgin PP material 37

D.1 Reprocessable and recyclable material from pipes and fittings 37
D.2 External reprocessable and recyclable materials with an agreed specification 37
D.3 External reprocessable and recyclable materials not covered by an agreed specification 37

Annex E (normative) Virgin PE material 38

Annex F (normative) Utilisation of non-virgin PE material 39

F.1 Reprocessable and recyclable material from pipes and fittings 39
F.2 External reprocessable and recyclable materials with an agreed specification 39
F.3 External reprocessable and recyclable materials not covered by an agreed specification 39
F.4 External reprocessable and recyclable material from PE rotational-moulded fittings and other components 40

Annex G (normative) Impact test at 23 °C 41

Annex H (normative) Impact test at ---- 10 °C 42

Annex I (normative) Ring flexibility test at 20 % diametric deflection 43

Annex J (informative) Survey of possible use of reprocessable and recyclable material 44
