Foreword iv

Introduction v

1 Scope 1

2 Normative references 1

3 Termsanddefinitions 1

4 General provisions 4
4.1 General requirements for coating materials and coatings 4
4.2 Main processes and procedures to manufacture coatings 5

5 Verificationofcoatingmaterials 6

6 Preparation of surfaces before painting 7
6.1 General conditions for the preparation of surfaces before painting 7
6.2 Preparation of metal surfaces 7
6.3 Preparation of non-metallic surfaces 8

7 Preparation of coating material 8

8 Application and drying of coating materials 9
8.1 Basic parameters for the coating material application 9
8.2 Control during the coating process (operational inspection) 10
8.3 Safety requirements and quality assurance 10
8.4 Curing of coating 11

9 Quality control of an applied coating 11

Annex A (informative) Test methods for the quality evaluation of the applied coating 13

Annex B (informative) Defective types of coatings and their causes 14
