DIN EN 17725:2025-03 (E)

Plant biostimulants - Determination of the quantity (indicated by mass or volume)

Contents

Page

European foreword 3

Introduction 4

1 Scope 5

2 Normative references 5

3 Terms and definitions 5

4 Method of quantity determination 7
4.1 Quantity declaration 7
4.2 Determination of quantity of the plant biostimulant in solid and liquid forms when sold by mass 7
4.3 Determination of quantity of the plant biostimulant in liquid form when sold by volume 9
4.4 Determination of quantity of plant biostimulant in solid form when sold by volume 13
4.5 Plant biostimulant in package marked in both mass and volume 13

5 Precision 13

6 Test report 13

Annex A (normative) Scale intervals 15

Annex B (informative) Repeatability and reproducibility data 16

B.1 Laboratory comparison study for the determination of density 16
B.2 Laboratory comparison study for the determination of quantity 17

Annex ZA (informative) Relationship of this European Standard and the essential requirements of Regulation (EU) 2019/1009 making available on the market of EU fertilising products aimed to be covered 20
