DIN EN 71-5:2026-02 (E)

Safety of toys - Part 5: Chemical toys (sets) other than experimental sets

Contents

Page

European foreword 4

Introduction 7

1 Scope 8

2 Normative references 8

3 Terms and definitions 9

4 Plaster of Paris (gypsum) moulding sets 11
4.1 Marking 11
4.2 First aid information 11
4.3 Safety rules 11

5 Oven-hardening plasticised PVC modelling clay sets 11
5.1 Chemical substances 11
5.2 Marking 12
5.3 First aid information 12
5.4 Safety rules 12

6 Moulding sets 13
6.1 Polystyrene granules sets 13
6.2 Embedding sets 14

7 Adhesives, paints, lacquers, varnishes, thinners and cleaning agents (solvents) supplied or recommended in model sets 14
7.1 General 14
7.2 Adhesives 14
7.3 Water-based paints or lacquers 21
7.4 Solvent-based paints, lacquers, thinners and cleaning agents (solvents) 22

8 Slime kits 24
8.1 Chemical substances 24
8.2 Marking 25
8.3 First aid information 25
8.4 Safety rules 26

9 Marking 26
9.1 General 26
9.2 Marking of the primary packaging 26
9.3 Marking of individual containers and any packagings 26

10 Instructions for use 27
10.1 General 27
10.2 list 27
10.3 Advice for adult supervision 27
10.4 Safety rules 29
10.5 Instructions for carrying out the activities 29
10.6 Spills and disposal of chemicals 29

11 Test methods 29

11.1 General ... 29
11.2 Determination of plasticisers in oven-hardening polyvinyl chloride (PVC) modelling clay sets ... 30
11.3 Determination of benzene, toluene and xylenes in oven-hardening plasticised PVC modelling clay and polystyrene granules ... 37
11.4 Determination of styrene content in polystyrene granules ... 41
11.5 Determination of organic solvents ... 43
11.6 Combined approach for the determination of plasticisers in solvent-based adhesives and in solvent-based paints or lacquers, film-forming agents in paints and lacquers and modifiers in solvent-based paints or lacquers ... 64

Annex A (informative) Environmental, health and safety precautions for using the methods of analysis ... 75

Annex B (informative) Organic solvents ... 76

Annex C (informative) Validation of test methods ... 78

Annex D (informative) Background and rationale for this European Standard ... 79

D.1 General remark ... 79
D.2 Primary packaging (4.1; 5.2; 6.1.2; 7.2.1.2.2; 7.2.2.6; 7.3.2; 7.4.3; 8.2, 9.2) ... 79
D.3 Minimum age (4.1; 5.2; 6.1.2; 6.2.2; 7.2.1.2.3; 7.2.1.3.3; 7.2.2.6; 7.3.3; 7.4.3, 8.2) ... 80
D.4 Benzene (5.1, Table 2; 7.2.2.4, Table 11; 7.4.1, Table 15) ... 80
D.5 Preservatives (6.2.1; 7.2.1.1; 7.3.1, 8.1) ... 80
D.6 Guidance on giving adequate advice for adult supervision (10.3) ... 80

Annex E (normative) Non-exhaustive list of colourants which need to be in compliance with both the general and specific purity requirements ... 81

Annex F (normative) Booster substances ... 87

Annex ZA (informative) Relationship between this European Standard and the essential requirements of Directive 2009/48/EC aimed to be covered ... 88

Bibliography ... 89
