DIN EN 1822-1:2019-10 (E)

High efficiency air filters (EP A, HEPA and ULPA) - Part 1: Classification, performance testing, marking

Contents

Page

European foreword 3

1 Scope 4

2 Normative references 4

3 Terms and definitions 4

4 Symbols and abbreviations 5

5 Classification 5
5.1 General 5
5.2 Groups of filters 5
5.3 Groups and Classes of filters 5

6 Requirements 6
6.1 General 6
6.2 Material 6
6.3 Nominal air volume flow rate 6
6.4 Pressure difference 6
6.5 Filtration performance 7

7 Test methods 7
7.1 Test rigs 7
7.2 Test conditions 7
7.3 Test aerosols 8
7.4 Survey of test procedures 8
7.4.1 General 8
7.4.2 Step 1: Testing sheet filter medium 8
7.4.3 Step 2: Leak test of the filter element 8
7.4.4 Step 3: Efficiency test of the filter element 8
7.4.5 Remarks 8
7.5 Test procedures 9
7.5.1 Testing sheet filter media 9
7.5.2 Leak test of the filter element 12
7.5.3 Efficiency test of the filter element 16

8 Assessment of the filter, documentation, test reports 18

9 Marking 18

Annex A (informative) Classification system for high efficiency air filters in ISO 29463-1 19
