# DIN EN ISO 13354:2014-09 (E)

## Petroleum and natural gas industries - Drilling and production equipment - Shallow gas diverter equipment (ISO 13354:2 014); English version EN ISO 13354:2014

## Contents

Page

Foreword .....

Introduction .....

1 Scope .....

2 Normative references .....

3 Termsanddefinitions .....

4 Diverter system equipment .....
4.1 General purpose .....
4.2 Findings of blowout reports .....
4.3 Applications of diverter systems .....
4.4 Layout considerations -- Land rigs and bottom-supported marine structures .....
4.5 Layout considerations -- Floating rigs .....

5 Floatingrigs--Specificaspects .....
5.1 Use of the marine riser .....
5.2 Additional functions of the diverter system .....
5.3 Comparison of types of floating support .....

6 Preparation for shallow gas operations .....35
6.1 Call for tender .....35
6.2 Important issues .....35
6.3 Pre-spud checks .....
6.4 Pre-spud meetings .....38
6.5 Pre-spud drills .....39
6.6 Preparing the response to a shallow-gas flow .....

7 Diverter system inspection and maintenance .....
7.1 General .....
7.2 Maintenance .....
7.3 Inspection and testing .....3
7.4 Diverter system piping .....
7.5 Manufacturer documentation .....44

Bibliography .....45
