Foreword iv

Introduction v

1 Scope 1

2 Normative references 1

3 Terms and definitions 1

4 Types -- Technical description of woven reinforcement fabrics 2

5 Sampling and number of test specimens 3

6 Conditioning 3

7 Characteristics and test methods 3
7.1 General 3
7.2 Characteristics to be specified 3
7.2.1 Construction characteristics 3
7.2.2 Physical characteristics of fabric 4
7.2.3 Surface treatment 5
7.2.4 Tracer yarn 5
7.2.5 Mechanical characteristics 6
7.3 Defects 6
7.3.1 General 6
7.3.2 Warp defects 6
7.3.3 Weft defects 6
7.3.4 Defects of either warp or weft 7
7.3.5 Surface-treatment defects 7
7.3.6 Other defects 7

8 Packaging, packing and ordering 7
8.1 Packaging and packing 7
8.2 Information for ordering 8

9 Storage 8
