DIN EN 71-4:2025-06 (E)

Safety of toys - Part 4: Experimental sets for chemistry and related activities (includes Amendment A1:2025)

Contents

Page

European foreword 4

Introduction 6

1 Scope 7

2 Normative references 7

3 Terms and definitions 8

4 Chemical substances in experimental sets 9
4.1 Chemistry sets 9
4.1.1 Inclusion in the chemistry set 9
4.1.2 Inclusion for experiments (as mentioned in the instructions but not supplied in the chemistry set) 10
4.1.3 Requirements for packaging in containers 10
4.2 Crystal growing sets 15
4.3 Carbon dioxide generating experimental sets 17

5 Equipment 19
5.1 General requirements 19
5.2 Containers and glassware 19
5.2.1 Test tubes 19
5.2.2 Other glassware 19
5.2.3 Containers for reagents, substances and mixtures 20
5.2.4 Packaging and closures 20
5.2.5 Empty containers 21
5.2.6 Test method for borosilicate glass 22
5.3 Equipment for the transfer of liquid 23
5.4 Test tube stand and test tube holder 23
5.5 Eye protection 23

6 Marking 23
6.1 General requirements 23
6.2 Marking of individual containers, packaging and glassware 23
6.3 Marking of the primary packaging 24
6.3.1 The primary packaging shall bear the following warnings: 24
6.3.2 Supplementary sets shall additionally be marked with the following warning on the primary packaging 24

7 list with warnings and first aid information 25

8 Instructions for use 25
8.1 General instructions 25
8.2 Advice for supervising adults 26
8.3 Safety rules 27
8.3.1 Chemistry sets 27
8.3.2 Crystal growing sets 27
8.3.3 Carbon dioxide generating experimental sets 28

Annex A (informative) Rationale 29

Annex B (informative) Environmental considerations 31

Annex C (informative) Significant technical changes between this document and the previous version 32

Annex D (normative) Test methods for closures of containers 33

Annex ZA (informative) !Relationship between this European Standard and the essential requirements of Directive 2009/48/EC aimed to be covered 34
