DIN EN 14154-2:2011-06 (E)

Water meters - Part 2: Installation and conditions of use (includes Amendment A2:2011)

Contents

Page

Foreword 4

1 Scope 5

2 Normative references 5

3 Terms and definitions 5

4 Criteria for the selection of water meters 6
4.1 General considerations 6
4.2 Information to be provided by the manufacturer 6
4.3 Meters operating in parallel or in a group 6

5 Installation requirements 7
5.1 Compliance with specified metrological characteristics 7
5.1.1 General 7
5.1.2 Meter operating position 7
5.1.3 Hydraulic disturbances 8
5.1.4 Water quality (suspended particles) 9
5.1.5 Electromagnetic meters 9
5.1.6 Meters operating in parallel or in a group 10
5.2 Protection of the meter 10
5.2.1 General considerations 10
5.2.2 Frost 10
5.2.3 Shock or vibration either transmitted from or induced by the installation 10
5.2.4 Reverse water flow 11
5.2.5 Installation induced stress and unbalance 11
5.2.6 Intentional fraud 11
5.3 Safety of personnel and users 11
5.3.1 General 11
5.3.2 Pipework anchoring 11
5.3.3 Manhole installation 12
5.3.4 Installations Requirements for pipes greater than DN 40 12
5.3.5 Protection against hazard related to electrical installations 12
5.4 Comfort of personnel 12
5.4.1 Access to the water meter and fittings 12
5.4.2 Associated fittings 13
5.5 Ease of reading 13
5.6 #Cartridge meters 14
5.6.1 Instructions for the installation of cartridge meters 14
5.6.2 Unequivocal coding of cartridge meters and their related connection interfaces 14
5.7 Meters with exchangeable metrological units 14
5.7.1 Instructions and preconditions for the installation of exchangeable metrological units 14
5.7.2 Unequivocal coding of meters with exchangeable metrological units and their related connection interfaces$ 15

6 First operation of new or repaired water meters 15
6.1 General considerations 15
6.2 Meters operating in parallel or in group 15

Annex A (informative) #Concentric manifold solutions$ 16

Annex B (normative) #Connection interfaces - Solutions for cartridge meters 18

B.1 Concentric cartridge meters 18
B.2 Axial cartridge meters$ 28

Annex C (informative) #Examples of adaptors and converters$ 33

Annex ZA (informative) !Relationship between this European Standard and the Essential Requirements of EU Directive 22/2004/EC on Measuring Instruments" 36
