DIN EN ISO 14644-1:2016-06 (E)

Cleanrooms and associated controlled environments - Part 1: Classification of air cleanliness by particle concentration (ISO 1 4644-1:2015)

Contents

Page

Europeanforeword 3

Introduction 5

1 Scope 7

2 Normative references 7

3 Terms and definitions 7
3.1 General 7
3.2 Airborne particles 8
3.3 Occupancy states 9
3.4 Testing instrumentation (see Annex F) 9
3.5 Instrument specifications 10

4 Classification 10
4.1 Occupancy state(s) 10
4.2 Particle size(s) 10
4.3 ISO Class number 10
4.4 Designation 11
4.5 Intermediate decimal cleanliness classes and particle size thresholds 11

5 Demonstration of compliance 12
5.1 Principle 12
5.2 Testing 12
5.3 Airborne particle concentration evaluation 12
5.4 Test report 12

Annex A (normative) Reference method for classification of air cleanliness by particle concentration 14

Annex B (informative) Examples of classification calculations 19

Annex C (informative) Counting and sizing of airborne macroparticles 28

Annex D (informative) Sequential sampling procedure 33

Annex E (informative) Specification of intermediate decimal cleanliness classes and particle size thresholds 40

Annex F (informative) Test instruments 42
