Introduction v

1 Scope 1

2 Normative references 1

3 Terms and definitions 1

4 Test criteria 1

5 Sample preparation 2

6 Test system 2

7 Pre-test procedures 2

8 Test procedures 2
8.1 Determining the upward limiting oxygen index (ULOI) 2
8.2 Determining the maximum oxygen concentration (MOC) 3

9 Recording and reporting 3

10 Precision 3

Annex A (informative) Alternate determination with increased precision of upward limiting oxygen index (ULOI) 4

Annex B (informative) Data sheet for upward flame-propagation oxygen-concentration flammability threshold test 6
