ISO/IEC 15045-4-1:2024-12 (E)

Information technology - Home Electronic System (HES) gateway - Part 4-1: Structure - Structural class and module requirements

Contents

Page

FOREWORD 4
INTRODUCTION 6
0.1 Overview 6
0.2 Relation to existing work 7
1 Scope 8
2 Normative references 8
3 Terms, definitions and abbreviated terms 9
3.1 Terms and definitions 9
3.2 Abbreviated terms 10
4 Conformance 10
5 HES gateway system structural classes 11
5.1 Summary of HES gateway system 11
5.2 HES gateway system baseline requirements 12
5.2.1 Rationale for baseline requirements 12
5.2.2 HES gateway system baseline requirements 12
5.2.3 HES gateway module baseline requirements 12
5.2.4 HAN interface module requirements 12
5.2.5 WAN interface module requirements 12
5.2.6 Binding map requirements 12
5.2.7 Service module requirements 12
5.2.8 Identification service requirements 13
5.3 HES gateway system structural implementation configurations 13
5.3.1 Rationale for HES gateway system configuration 13
5.3.2 Simple gateway configuration 13
5.3.3 Complex integral gateway configuration 14
5.3.4 Complex modular gateway system configuration 15
5.3.5 Interconnected gateway system configuration 15
Annex A (normative) Requirements of interfaces and services 16
A.1 HAN interface module requirements 16
A.2 WAN interface module requirements 17
A.2.1 General 17
A.2.2 WAN interface objects and actions 18
A.3 Binding map service requirements 18
A.4 Service module requirements 20
A.5 Identification service requirements 21
