

ISO 22188:2004-06 (E)

Monitoring for inadvertent movement and illicit trafficking of radioactive material

Contents		Page
Foreword		iv
Introduction		v
1 Scope		1
2 Normative references		1
3 Terms and definitions		2
4 Monitoring instruments		3
4.1 Pocket-type instruments		3
4.2 Hand-held instruments		5
4.3 Installed instruments		6
4.4 Radionuclide identifiers		9
Annex A (informative) Background information		11
Annex B (informative) Radiation monitoring at checkpoints		17
Annex C (informative) Search techniques		27
Annex D (informative) Recommended test methods		30
Annex E (informative) Examples of naturally occurring radioactive materials		34
Bibliography		35
