DIN 488-2:2009-08 (E)

Reinforcing steels - Reinforcing steel bars

Contents

Page

Foreword 3

1 Scope 4

2 Normative references 4

3 Terms and definitions 4

4 Symbols 4

5 Designation and ordering 5
5.1 Standard designation 5
5.2 Ordering 5

6 Steel grade classification and product forms 5

7 Requirements 5
7.1 Manufacturing processes 5
7.2 Nominal diameters, nominal cross-sectional areas and nominal masses 5
7.3 Properties 6
7.3.1 Properties determined in the tensile test 6
7.3.2 Properties determined in the fatigue test 6
7.3.3 Bend performance 6
7.3.4 Deviation from the nominal cross-sectional area 7
7.3.5 Weldability 7
7.3.6 Surface geometry 7

8 Identification of the products 11

9 Proof of conformity 11
