DIN 488-3:2009-08 (E)

Reinforcing steels - Reinforcing steel in coils, steel wire

Contents

Page

Foreword 3

1 Scope 4

2 Normative references 4

3 Terms and definitions 4

4 Symbols 4

5 Designation and ordering 5
5.1 Standard designation 5
5.1.1 Reinforcing steel coils 5
5.1.2 Reinforcing wire 5
5.2 Ordering 5
5.2.1 Reinforcing steel coils 5
5.2.2 Reinforcing wire 5

6 Steel grade classification and product forms 5

7 Requirements 6
7.1 Manufacturing processes 6
7.2 Nominal diameters, nominal cross-sectional areas and nominal masses 6
7.3 Properties 7
7.3.1 General 7
7.3.2 Properties determined in the tensile test 7
7.3.3 Properties determined in the fatigue test 7
7.3.4 Bend performance 7
7.3.5 Deviation from the nominal cross-sectional area 7
7.3.6 Weldability 7
7.3.7 Surface geometry 7

8 Identification of the products 14

9 Proof of conformity 14
