Foreword 3
1 Scope 4
2 Normative references 4
3 Principle 5
4 Reagents 5
5 Apparatus 6
6 Safety precautions 7
7 Sampling 7
8 Final sample preparation 7
9 Procedure 7
10 Calibration 8
11 Standardization 9
12 Statistical Process Control (SPC) parameters 9
13 ”Near by technique” method 10
14 Test report 10
Annex A (normative) Precision 12
Annex B (normative) Graphical representation of precision data 17
