Foreword iv

Introduction v

1 Scope 1

2 Normative references 1

3 Termsanddefinitions 2

4 Symbols 3

5 Requirements 4
5.1 Materials 4
5.2 Head shape and dimensions 4
5.3 Head bearing area 5
5.4 Anchorage capacity 5
5.5 Tolerances 5

6 Classificationofheadedbars 6
6.1 General 6
6.2 Series of headed bars 7

7 Qualificationtesting 7
7.1 General 7
7.2 Load transfer tests 8
7.3 Robustness tests of head-to-bar connection 11

8 Manufacture 12
8.1 General 12
8.2 Welded headed bars 12
8.3 Forged headed bars 12
8.4 Threaded headed bars 12
8.5 Swaged and extruded headed bars 13
8.6 Shear-bolted sleeve-headed bars 13
8.7 Labelling 13
8.8 Information to be provided by the purchaser 13

9 Production testing 14
9.1 Mechanical tests and performance requirements 14
9.2 Frequency of testing 15
9.3 Retests 15

Annex A (informative) Categories of headed reinforcing bars 16

Bibliography 17
