Annex A (informative) Guidelines for heat treatment		17
Annex B (informative) Critical time temperature parameter P_{crit} . and possible combinations of stress relieving temperature and holding time		18
Annex C (informative) Reference data of strength values for 1 % (plastic) creep strain and creep rupture		20
Annex D (normative) Evaluation of resistance to hydrogen induced cracking		26

Annex E (normative) Step cooling test	27
Annex ZA (informative) Relationship between this European Standard and the Essential Requirements of European Directive 2014/68/EU	29
