|--------------------|---|-------------|
| Foreword .....     |   | iv          |
| Introduction ..... |   | v           |
| 1                  | Scope .....                                       | 1           |
| 2                  | Normative references .....                        | 1           |
| 3                  | Terms and definitions .....                       | 1           |
| 4                  | Dimensions .....                                  | 1           |
| 5                  | Conditions of manufacture .....                   | 2           |
| 5.1                | Steelmaking .....                                 | 2           |
| 5.2                | Chemical composition .....                        | 2           |
| 5.3                | Chemical analysis .....                           | 2           |
| 5.3.1              | Heat analysis .....                               | 2           |
| 5.3.2              | Product analysis .....                            | 3           |
| 5.4                | Mechanical properties .....                       | 3           |
| 5.5                | Application .....                                 | 4           |
| 5.6                | Weldability .....                                 | 4           |
| 5.7                | Surface condition .....                           | 4           |
| 5.8                | Surface finish .....                              | 4           |
| 5.9                | Oiling .....                                      | 4           |
| 5.10               | Dimensional and shape tolerances .....            | 4           |
| 6                  | Sampling -- Tensile test .....                    | 4           |
| 7                  | Test methods -- Tensile test .....                | 4           |
| 8                  | Retests .....                                     | 5           |
| 8.1                | Machining and flaws .....                         | 5           |
| 8.2                | Elongation .....                                  | 5           |
| 8.3                | Additional tests .....                            | 5           |
| 9                  | Resubmission .....                                | 5           |
| 10                 | Workmanship .....                                 | 5           |
| 11                 | Inspection and tests .....                        | 5           |
| 12                 | Coil size .....                                   | 6           |
| 13                 | Marking .....                                     | 6           |
| 14                 | Information to be supplied by the purchaser ..... | 6           |
| Bibliography ..... |   | 7           |
