| European foreword .....                    |  | 3           |
| 1  | Scope .....                                    | 4           |
| 2  | Normative references .....                     | 4           |
| 3  | Terms and definitions .....                    | 4           |
| 4  | Principle .....                                | 4           |
| 5  | Reagents .....                                 | 4           |
| 6  | Apparatus .....                                | 6           |
| 7  | Sampling .....                                 | 6           |
| 8  | Procedure .....                                | 6           |
| 8.1  | Test portion .....                             | 6           |
| 8.2  | Blank test .....                               | 6           |
| 8.3  | Determination .....                            | 6           |
| 8.3.1                                      | Preparation of the test solution .....         | 6           |
| 8.3.2                                      | Separation of the niobium .....                | 6           |
| 8.3.3                                      | Development of the colour .....                | 7           |
| 8.3.4                                      | Spectrophotometric measurement .....           | 7           |
| 8.4  | Establishment of the calibration curve .....   | 7           |
| 8.4.1                                      | Preparation of the calibration solutions ..... | 7           |
| 8.4.2                                      | Spectrophotometric measurements .....          | 8           |
| 8.4.3                                      | Plotting the calibration curve .....           | 8           |
| 9  | Expression of results .....                    | 9           |
| 10   | Test report .....                              | 9           |
| Annex A (informative) Precision data ..... |  | 11          |
| Bibliography .....                         |  | 12          |
