European foreword ... 3

1 Scope ... 4

2 Normative references ... 4

3 Terms and definitions ... 4

4 Dimensions and tolerances ... 6

5 Classification and designation ... 6
5.1 Classification ... 6
5.2 Designation ... 6

6 Information to be supplied at the time of enquiry and order ... 7
6.1 Mandatory information ... 7
6.2 Options ... 7

7 Manufacturing process and delivery conditions ... 8
7.1 Manufacturing process ... 8
7.2 Delivery conditions ... 8

8 Requirements ... 9
8.1 Chemical composition ... 9
8.2 Mechanical properties ... 12
8.3 Surface properties ... 16
8.3.1 Hot rolled products ... 16
8.3.2 Cold rolled products ... 16
8.4 Suitability for surface coating ... 16
8.5 Weldability ... 16

9 Inspection ... 16
9.1 Types of inspection and inspection documents ... 16
9.2 Test units ... 17
9.3 Tests to be carried out ... 17
9.4 Sampling ... 17
9.5 Test methods ... 17
9.5.1 Tensile test ... 17
9.5.2 Strain hardening exponent ... 17
9.5.3 Surface inspection ... 17
9.6 Retests ... 18

10 Marking ... 18

11 Packing ... 18

12 Storage and transportation ... 18

13 Disputes ... 18

Annex A (informative) Steel designation ... 19
