

DIN EN 15048-2:2007-07 (E)

Non-preloaded structural bolting assemblies - Part 2: Suitability test

Contents		Page
Foreword		3
Introduction		4
1 Scope		5
2 Normative references		5
3 Terms and definitions		5
4 Symbols		5
5 Tensile test of bolt/nut assemblies		6
5.1 Principle		6
5.2 Test conditions		6
5.3 Required failure mode		7
5.4 Required tensile resistance		7
6 Test documentation		7
Annex A (informative) Special testing conditions and procedures		9
Bibliography		10
