Foreword 3

1 Scope 4

2 Normative references 4

3 Principle 4

4 Apparatus 5
4.1 General 5
4.2 Dimensions and characteristics 5
4.3 Clamps 5
4.4 Foot (optional) 7

5 Test pieces 8
5.1 Number 8
5.2 Shape and dimensions 8
5.3 Sampling 9

6 Time interval between manufacturing and testing 9

7 Conditioning and testing atmosphere 9

8 Procedure 10
8.1 Method A (with pressure foot) 10
8.2 Method B (without pressure foot) 10

9 Examination of test pieces and expression of results 10

10 Test report 11
