Foreword iv

Introduction v

1 Scope 1

2 Normative references 1

3 Terms and definitions 1

4 Symbols 2

5 Principle 2

6 Test parameters 3

7 Materials 3

8 Apparatus 3

9 Test-pipe preparation 7

10 Conditioning and backfill 7
11 Test procedure 8
12 Validity of results 8
13 Test report 9

Annex A (normative) Determination of critical pressure (or hoop stress) 10

Annex B (normative) Determination of critical temperature 13

Bibliography 14
