## Thermoplastics pipes for the conveyance of fluids - Determination of resistance to rapid crack propagation (RCP) - Full-scale test (FST)

---

<b>Contents</b>		<b>Page</b>
Foreword .....		iv
Introduction .....		v
1	Scope .....	1
2	Normative references .....	1
3	Terms and definitions .....	1
4	Symbols .....	2
5	Principle .....	2
6	Test parameters .....	3
7	Materials .....	3
8	Apparatus .....	3
9	Test-pipe preparation .....	7
10	Conditioning and backfill .....	7
11	Test procedure .....	8
12	Validity of results .....	8
13	Test report .....	9
Annex A (normative) Determination of critical pressure (or hoop stress) .....		10
Annex B (normative) Determination of critical temperature .....		13
Bibliography .....		14
