Foreword iv

Introduction v

1 Scope 1

2 Normative references 1

3 Terms and definitions 1

4 Design 2
4.1 Reference to installation standards 2
4.2 Pipework components 2

5 Location of pipework 2
5.1 General requirements for location of pipework 2
5.2 Protection in case of fire 3
5.3 Additional safety devices 3

6 Materials and components 3

7 Construction 4

8 Jointing procedures 4
8.1 General 4
8.2 Installation process 5

9 Pressure testing and commissioning 5
9.1 General recommendations 5
9.2 Recommendations relating to the safety of persons and property during testing 5
9.3 Tightness testing 5
9.4 Test fluids 6
9.5 Test conditions 6
9.6 Strength testing 6

10 Storage and handling 7
10.1 General 7
10.2 Storage 7
10.3 Handling 7
