ISO 4589-2:1996-07 (E)

Plastics - Determination of burning behaviour by oxygen index - Part 2: Ambient-temperature test

Contents

Page

1 Scope 1
2 Normative references 1
3 Definition 2
4 Principle 2
5 Apparatus 2
6 Calibration of equipment 5
7 Preparation of test specimens 5
8 Procedure for determination of oxygen index 8
9 Calculations and expression of results 12
10 Procedure C - Comparison with a specified minimum value of the oxygen index (short procedure) 13
11 Test report 14

Annexes

A Calibration of equipment 15
B Calculation of oxygen concentration 17
C Typical test results sheet 18
D Results obtained by interlaboratory trials on type VI specimens 20
