European foreword ... **3**

Foreword ... **4**

Introduction ... **5**

1 Scope ... **6**

2 Normative references ... **6**

3 Terms and definitions ... **6**

4 Apparatus ... **11**

4.1 Moulds ... 11

4.1.1 ISO (multi-cavity) moulds ... 11

4.1.2 Single-cavity moulds ... 14

4.2 Injection-moulding machine ... 15

4.2.1 General ... 15

4.2.2 Moulding volume ... 15

4.2.3 Control system ... 15

4.2.4 Screw ... 15

4.2.5 Clamping force ... 16

4.2.6 Thermometers ... 16

5 Procedure ... **16**

5.1 Conditioning of material ... 16

5.2 Injection moulding ... 17

5.3 Measurement of mould temperature ... 18

5.4 Measurement of the melt temperature ... 18

5.5 Post-moulding treatment of test specimens ... 18

6 Report on test-specimen preparation ... **18**

Annex A (informative) **Examples of runner configurations** ... **20**

Annex B (informative) **Standardized injection-moulding mould components** ... **21**

Annex C (informative) **Example of an injection mould** ... **22**

Annex D (informative) **Methods for setting the injection moulding parameters** ... **23**

Annex E (informative) **Methods of determining the hold pressure and hold time** ... **28**

Bibliography ... **34**
