ISO/TS 19278:2019 (E)

Plastics — Instrumented micro-indentation test for hardness measurement

Contents

Foreword

Introduction

1 Scope

2 Normative references

3 Terms and definitions

4 Principle

5 Apparatus

- 5.1 General
- 5.2 Indenter
- 5.3 Displacement measurement device
- 5.4 Loading unit and force measuring device
- 5.5 Periodic checks of test apparatus

6 Test specimen

7 Conditioning

8 Procedure

9 Number of test specimens

10 Expression of results

11 Test report

Annex A (informative) Precision statement

Page count: 9
