ISO 11907-1:2019 (E)

Plastics — Smoke generation — Determination of the corrosivity of fire effluents — Part 1: General concepts and applicability

Contents

Foreword

Introduction

1 Scope

2 Normative references

3 Terms and definitions

4 Objectives

5 Fire scenarios and general factors conditioning the production of effluents

6 Types of fire effluent test

- 6.1 General
- 6.2 Static method
- 6.3 Dynamic decomposition methods
- 6.3.1 General
- 6.3.2 ISO 11907-4
- 6.3.3 IEC/TS 60695-5-31 1 Withdrawn.[17]

7 Applicability of test results

8 Post-exposure of corrosion targets
