Reinforcement fibres - Woven fabrics - Requirements and specifications

Contents		Page
Foreword		iv
Introduction		v
1	Scope	1
2	Normative references	1
3	Terms and definitions	1
4	Types -- Technical description of woven reinforcement fabrics	2
5	Sampling and number of test specimens	3
6	Conditioning	3
7	Characteristics and test methods	3
7.1	General	3
7.2	Characteristics to be specified	3
7.2.1	Construction characteristics	3
7.2.2	Physical characteristics of fabric	4
7.2.3	Surface treatment	5
7.2.4	Tracer yarn	5
7.2.5	Mechanical characteristics	6
7.3	Defects	6
7.3.1	General	6
7.3.2	Warp defects	6
7.3.3	Weft defects	6
7.3.4	Defects of either warp or weft	7
7.3.5	Surface-treatment defects	7
7.3.6	Other defects	7
8	Packaging, packing and ordering	7
8.1	Packaging and packing	7
8.2	Information for ordering	8
9	Storage	8
