1 Scope 4

2 Normative references 4

3 Definition 5

4 Principle 5

5 Apparatus 5

6 Calibration of equipment 8

7 Preparation of test specimens 8

8 Procedure for determination of oxygen index 12

9 Calculations and expression of results 16

10 Procedure C - Comparison with a specified minimum value of the oxygen index (short procedure) 19

11 Test report 19

Annex A (normative) Calibration of equipment 20

Annex B (normative) Calculation of oxygen concentration 22

Annex C (informative) Typical test results sheet 23

Annex D (informative) Results obtained by interlaboratory trials on type VI specimens 26

Annex E (informative) Precision data obtained from an interlaboratory trial carried out in 1978-80 ... 28

Annex ZA (normative) Normative references to international publications with their relevant European publications 29
