Foreword 2

1 Scope 3

2 Normative references 3

3 Determination of properties 4

Annex A (normative) Determination of volatile-matter content 5

Annex B (normative) Determination of sodium acetate content 7

Annex C (normative) Calculation of ash 10

Annex D (normative) Determination of degree of hydrolysis 11

Annex E (normative) Determination of viscosity of 4 % aqueous solution by the Brookfield Test method or the inclined-tube falling-ball method 14
