## Adhesives - Determination of temperature dependence of shear strength

---

<b>Contents</b>		<b>Page</b>
1	Scope .....	1
2	Normative references .....	1
3	Terms and definitions .....	1
4	Methods of test for shear strength .....	2
4.1	Test method for metals .....	2
4.2	Test method for wood .....	2
5	Test atmosphere .....	2
6	Sampling and handling of adhesives .....	2
7	Kinds of adhesive and surface preparation of adherends .....	2
8	Preparation of test specimens .....	2
8.1	Metal adherends .....	2
8.2	Wood adherends .....	2
9	Procedure .....	2
10	Expression of results .....	3
10.1	Plot of shear strength versus temperature .....	3
10.2	Failure patterns .....	3
11	Test report .....	3
Annex A (informative) Practical information on the test method .....		5
Bibliography .....		7
