

DIN EN ISO 23953-2:2006-02 (E)

Refrigerated display cabinets - Part 2: Classification, requirements and test conditions (ISO 23953-2:2005)

Contents		Page
Foreword		2
1	Scope	5
2	Normative references	5
3	Terms, definitions, symbols and abbreviated terms	5
3.1	General	6
3.2	Compression-type refrigeration systems	7
3.3	Indirect refrigeration-type systems	7
4	Requirements	8
4.1	Construction	8
4.1.1	General	8
4.1.2	Materials	9
4.1.3	Thermal insulation	10
4.1.4	Refrigerating system	10
4.1.5	Electrical components	11
4.1.6	Temperature display	11
4.2	Operating characteristics	13
4.2.1	Absence of odour and taste	13
4.2.2	Classification according to temperature	13
4.2.3	Defrosting	13
4.2.4	Water vapour condensation	14
4.2.5	Energy consumption	14
5	Tests	14
5.1	General	14
5.2	Tests outside test room	14
5.2.1	Seal test for doors and lids	14
5.2.2	Linear dimensions, areas and volumes	15
5.3	Tests inside test room	15
5.3.1	General conditions	15
5.3.2	Preparation of test cabinet and general test procedures	24
5.3.3	Temperature test	45
5.3.4	Water vapour condensation test	48
5.3.5	Electrical energy consumption test	49
5.3.6	Heat extraction rate measurement when condensing unit is remote from cabinet	49
6	Test report	58
6.1	General	58
6.2	Tests outside test room	58
6.2.1	Seal test of doors and lids	58
6.2.2	Linear dimensions, areas and volumes	59
6.2.3	Test for absence of odour and taste (if applicable)	59
6.3	Tests inside test room	59
6.3.1	General test conditions	59
6.3.2	Cabinet preparation	60
6.3.3	Temperature test	60
6.3.4	Water vapour condensation test	61
6.3.5	Electrical energy consumption test	61

6.3.6	Heat extraction rate measurement when the condensing unit is remote from the cabinet .	62
7	Marking	63
7.1	Load limit	63
7.2	Marking plate	64
7.3	Information to be supplied by the manufacturer	64
Annex A (normative) Total display area (TDA)		66
Annex B (normative) Visibility of products by Arc method (VPA)		73
Annex C (informative) Comparison between laboratory and in-store conditions		80
Annex D (informative) Test for absence of odour and taste		81
Bibliography		83
