|-------------------------|---|-------------|
| European foreword ..... |   | 4           |
| Introduction .....      |   | 5           |
| 1                       | Scope .....   | 6           |
| 2                       | Normative references .....                              | 6           |
| 3                       | Terms and definitions .....                             | 6           |
| 4                       | Luminaire data .....                                    | 7           |
| 4.1                     | General .....   | 7           |
| 4.2                     | Essential luminaire data .....                          | 7           |
| 4.2.1                   | General .....   | 7           |
| 4.2.2                   | Luminaire code .....                                    | 7           |
| 4.2.3                   | Dimensions of the luminous parts of the luminaire ..... | 7           |
| 4.2.4                   | Luminaire luminous flux .....                           | 7           |
| 4.2.5                   | Luminous intensity table .....                          | 8           |
| 4.2.6                   | Luminance table .....                                   | 9           |
| 4.2.7                   | Unified Glare Rating .....                              | 9           |
| 4.2.8                   | Ballast lumen factor .....                              | 9           |
| 4.2.9                   | Shielding angle .....                                   | 9           |
| 4.2.10                  | Rated luminaire power (Pi) .....                        | 9           |
| 4.2.11                  | Luminaire lumen maintenance factor .....                | 9           |
| 4.2.12                  | Luminaire survival factor .....                         | 9           |
| 4.2.13                  | General colour rendering index (Ra) .....               | 10          |
| 4.2.14                  | Correlated colour temperature (TCP) .....               | 10          |
| 4.3                     | Useful luminaire data .....                             | 10          |
| 4.3.1                   | General .....   | 10          |
| 4.3.2                   | Physical dimensions of the luminaire .....              | 10          |
| 4.3.3                   | Intensity diagram .....                                 | 10          |
| 4.3.4                   | Maximum and nominal spacing to height ratio .....       | 10          |
| 4.3.5                   | Light output ratios .....                               | 10          |
| 4.3.6                   | Upward flux fraction (of a luminaire) .....             | 10          |
| 4.3.7                   | Downward flux fraction (of a luminaire) .....           | 10          |
| 4.3.8                   | Luminaire luminous efficacy .....                       | 10          |
| 4.3.9                   | Luminaire maintenance factor (FLM) .....                | 10          |
| 4.3.10                  | Utilization factor tables .....                         | 11          |
| 4.3.11                  | Service Conversion factors .....                        | 11          |
| 4.3.12                  | Individual special colour rendering indices (Ri) .....  | 11          |
| 5                       | Lamp data .....   | 11          |
| 5.1                     | General .....   | 11          |
| 5.2                     | Essential lamp data .....                               | 11          |
| 5.2.1                   | General .....   | 11          |
| 5.2.2                   | Lamp code .....   | 11          |
| 5.2.3                   | Lamp dimensions .....                                   | 11          |
| 5.2.4                   | Rated Luminous flux .....                               | 11          |
| 5.2.5                   | Lamp lumen maintenance factor (FLLM) .....              | 11          |
| 5.2.6                   | Lamp survival factor (FLS) .....                        | 11          |
| 5.2.7                   | General colour rendering index (Ra) .....               | 12          |

|  |  |    |
|--|--|----|
| 5.2.8  | Correlated colour temperature (TCP) .....              | 12 |
| 5.3  | Useful lamp data .....                                 | 12 |
| 5.3.1  | General .....  | 12 |
| 5.3.2  | Lamp energy efficiency class .....                     | 12 |
| 5.3.3  | Nominal lamp wattage (Plamp) .....                     | 12 |
| 5.3.4  | Individual special colour rendering indices (Ri) ..... | 12 |
| Annex A (normative) Calculation of UF tables ..... |  | 13 |
