DIN 5032-7:2017-02 (E)

Photometry - Part 7: Classification of illuminance meters and luminance meters

Contents

Page

Foreword ... 3

1 Scope ... 4

2 Normative references ... 4

3 Terms and definitions ... 4

4 Photometer classification ... 5
4.1 Calculation of the total characteristic ... 5
4.1.1 General ... 5
4.1.2 Calculation of the total characteristic of illuminance meters ... 5
4.1.3 Calculation of the total characteristic of luminance meters ... 5
4.2 Classification of photometers ... 6
4.3 Class assignment of a photometer ... 6

5 Class limits for classification ... 6

6 Class selection of a photometer ... 9
6.1 Measurement uncertainty and class ... 9
6.2 Laboratory measurements ... 9
6.3 Field measurements ... 9
