European foreword 3

Introduction 4

1 Scope 5

2 Normative references 5

3 Terms and definitions 5

4 Performance 5
4.1 Wash-off time 5
4.2 Flow rate of water 6
4.3 Jet height 6
4.4 Water quality and water temperature 6

5 Design requirements for installation 6
5.1 General 6
5.2 Clearance 6
5.3 Materials and geometry 6

6 Activation system 7
6.1 General 7
6.2 Valves 7
6.3 Automatic activation 7
6.3.1 General 7
6.3.2 Full body weight activation 7
6.3.3 Other automatic activation mechanisms 7

7 Outlet Nozzle(s) 7

8 Information for marking, installation, service use and maintenance 8
8.1 Marking and labelling 8
8.2 Instruction handbook 8

Annex A (informative) General guidance 9

A.1 Water temperature 9
A.2 Guidelines to recommended installation 9
A.3 Cleaning 9
A.4 Testing 10

Annex B (informative) Recommendation regarding environmental impact 11
