European foreword 3

Introduction 4

1 Scope 5

2 Normative references 5

3 Terms and definitions 5

4 General requirements 5
4.1 Personnel qualification 5
4.2 Condition of tube to be tested 6
4.3 Equipment 6

5 Reference standard tube 6

6 Acceptance criteria 7
6.1 Detection of local discontinuities by internal probes systems 7
6.2 Detection of non-local discontinuities by internal probes systems with lower detection levels 7
6.3 Other test methods 8

7 Instrument adjustment 8
