Foreword 3

Introduction 4

1 Scope 5

2 Normative references 5

3 Terms and definitions 5

4 Information and conditions to be agreed and documented 6

5 Watertightness test 7

6 Rig performance test 7
6.1 General 7
6.2 Execution 7
6.3 Carrying out the test 9
6.4 Acceptance criteria 10
6.5 Rig test report 11

7 Field test 11
7.1 General 11
7.2 Carrying out the test 11
7.3 Test parameters 11
7.4 Acceptance criteria 12
7.5 Field test report 12

A.1 Schematic example of test rig 13
A.2 Temperature measurement 14
A.3 Grease sampling zones 17
A.4 Definition of loading 18
A.5 Definition of test cycles 19
A.6 Graphical presentation of test cycles 20
A.7 Temperature criteria 21
A.8 Mechanical and physico-chemical acceptance criteria 22
A.9 Watertightness test 23

Requirements of EU Directive 96/48/EC of the European Parliament and of the Council of 23 July 1996 on the interoperability of the trans-European High-speed rail system, as modified by EU Directive 2004/50/EC of 29 April 2004 25

Requirements of EU Directive 2001/16/EC of the European Parliament and of the Council of 19 March 2001 on the interoperability of the trans-European conventional rail system, as modified by EU Directive 2004/50/EC of 29 April 2004 26

Bibliography 28

Annex A (normative) Rig performance test 13
