|--------------------|---|-------------|
| Foreword .....     |   | 4           |
| Introduction ..... |   | 5           |
| 1                  | Scope .....   | 6           |
| 2                  | Normative references .....  | 6           |
| 3                  | Product definition .....  | 6           |
| 3.1                | Assembly of components .....  | 6           |
| 3.1.1              | General .....   | 6           |
| 3.1.2              | Interference between axle wheel seat and wheel hub bore .....   | 7           |
| 3.1.3              | Press-fitting diagram .....   | 7           |
| 3.2                | Wheelset characteristics .....  | 8           |
| 3.2.1              | Mechanical resistance of the assemblies .....   | 8           |
| 3.2.2              | Fatigue characteristics .....   | 8           |
| 3.2.3              | Electrical resistance .....   | 9           |
| 3.2.4              | Imbalance .....   | 9           |
| 3.2.5              | Dimensions and tolerances .....   | 10          |
| 3.2.6              | Residual stresses .....   | 14          |
| 3.2.7              | Protection against corrosion and impacts .....  | 14          |
| 3.2.8              | Marking .....   | 14          |
|                    | Annex A (normative) Characteristics of the press-fitting curve .....                                      | 16          |
|                    | Annex B (normative) Fatigue characteristics for a wheelset with an axle of steel grade EA1T or EA4T ..... | 18          |
|                    | Annex C (informative) Information on the test pieces for fatigue tests .....                              | 19          |
|                    | Annex D (informative) Documents for the identification of wheelset components .....                       | 21          |
|                    | Annex E Product qualification .....   | 25          |
| E.1                | General .....   | 25          |
| E.2                | Requirements .....  | 25          |
| E.2.1              | Requirements to be met by the supplier .....  | 25          |
| E.2.2              | Qualification of personnel .....  | 25          |
| E.2.3              | Requirements to be met by the product .....   | 26          |
| E.3                | Qualification procedure .....   | 26          |
| E.3.1              | General .....   | 26          |
| E.3.2              | Documentation required .....  | 26          |
| E.3.3              | Evaluation of the manufacturing plant and processes .....   | 26          |
| E.3.4              | Laboratory tests .....  | 27          |
| E.3.5              | Testing of finished products .....  | 27          |
| E.4                | Qualification certificate .....   | 27          |
| E.4.1              | Condition of validity .....   | 27          |
| E.4.2              | Modification and extension .....  | 27          |
| E.4.3              | Transference .....  | 28          |
| E.4.4              | Lapsed certification .....  | 28          |
| E.4.5              | Cancellation .....  | 28          |

|   |                               |           |
|---|-------------------------------|-----------|
| E.5   | Qualification file .....      | 28        |
| <b>Annex F Product delivery .....</b>   |                               | <b>29</b> |
| F.1   | General .....                 | 29        |
| F.2   | Specific verifications .....  | 29        |
| F.3   | Optional checks .....         | 30        |
| F.3.1   | Dimensional check .....       | 30        |
| <b>(informative) (informative) . F.3.2 Ultrasonic examination .....</b>   |                               | <b>30</b> |
| F.4   | Allowable rectification ..... | 30        |
| F.5   | Documents .....               | 31        |
| F.5.1   | Shrink-fitting .....          | 31        |
| F.5.2   | Press-fitting .....           | 31        |
| F.5.3   | Components .....              | 31        |
| F.6   | Quality plan .....            | 32        |
| F.6.1   | General .....                 | 32        |
| F.6.2   | Objectives .....              | 32        |
| F.6.3   | Validity .....                | 32        |
| <b>Annex ZA (informative) Relationship between this European Standard and the Essential Requirements of EU Directive 2008/57/EC .....</b> |                               | <b>33</b> |
| <b>Bibliography .....</b>   |                               | <b>37</b> |
