Foreword 3

1 Scope 4

2 Normative references 4

3 Terms and definitions, symbols and abbreviations 4
3.1 Terms and definitions 4
3.2 Symbols and abbreviations 4

4 Principle 4

5 Apparatus 5
5.1 Rail 5
5.2 Loading device 5
5.3 Measuring and recording instruments 5
5.4 Calibration 5
5.5 Steel shims 5

6 Test specimens 5
6.1 Sleeper, bearer or concrete block 5
6.2 Fastening components 5

7 Test procedure 5
7.1 Preparation for test 5
7.2 Loading and measurement for assemblies incorporating a rail pad 6
7.3 Loading and measurement for assemblies not incorporating a rail pad 6

8 Test report 8
