|--|---|-------------|
| European foreword .....  |   | 3           |
| Introduction .....   |   | 4           |
| 1  | Scope .....   | 5           |
| 2  | Normative references .....                                      | 5           |
| 3  | Terms and definitions .....                                     | 5           |
| 4  | Basics .....  | 6           |
| 4.1  | General .....   | 6           |
| 4.2  | Principle of ultrasonic testing in track .....                  | 7           |
| 4.3  | Ultrasonic testing speed and detection of discontinuities ..... | 7           |
| 4.4  | Simulation of internal reflectors in reference rails .....      | 7           |
| 5  | Detection of reference reflectors .....                         | 10          |
| 6  | Control of positioning accuracy .....                           | 13          |
| Annex A (normative) Simulated reflectors in reference rails .....  |   | 14          |
| Annex B (informative) Simulated reflectors in reference rails .....  |   | 33          |
| Annex C (informative) Ultrasonic test areas in rails tested with test vehicles or manually- propelled devices .....                |   | 37          |
| Annex ZA (informative) Relationship between this European standard and the Essential Requirements of EU Directive 2008/57/EC ..... |   | 39          |
| Bibliography .....   |   | 40          |
