European foreword 4

1 Scope 7

2 Normative references 7

3 Terms and definitions 8

4 General requirements 8
4.1 Application of this Standard 8
4.2 Safety principles 8
4.2.1 General 8
4.2.2 Hazard scenarios 9
4.2.3 Safety measures 9
4.2.3.1 General 9
4.2.3.2 General safety 9
4.2.3.3 Safety of workers 9

5 Precommissioning inspection 9
5.1 General 9
5.2 Verifying the conformity of the installation with the technical documentation and other documents 10
5.3 Checking the individual components, their interaction with each other and with their local environment 10
5.4 Operating test 11
5.5 Submitting the required documentation to the controller 11
5.6 Report on the precommissioning inspection 11

6 Instructions for Maintenance 12
6.1 General 12
6.2 Servicing 13
6.3 Inspection 13
6.3.1 General 13
6.3.2 First inspection of the civil engineering works 13
6.3.3 Monthly inspections 13
6.3.4 Inspection in the case of intermittent operation 14
6.3.5 Annual inspections 14
6.3.5.1 General 14
6.3.5.2 Civil engineering works 14
6.3.5.3 Mechanical equipment 14
6.3.5.4 Carriers and tow-hangers 15
6.3.5.5 Electrical installations 15
6.3.5.6 Safety functions and devices as well as signalling devices 16
6.3.5.7 Mobile evacuation equipment 16
6.3.5.8 Other equipment and components 16
6.3.6 Multiannual inspections 16
6.3.7 Special inspections 17
6.4 Repair 18

7 Instructions for operational inspection and checks 18
7.1 General 18
7.2 Daily operational inspection and checks prior to passenger transportation 18
7.2.1 Operational inspection and checks while the installation is stationary 18
7.2.2 Operational inspection and checks during the test run 19
7.3 Operational inspection and checks during operation 20
7.4 Operational inspection and checks after exceptional events 20

Annex ZA (informative) Relationship between this European Standard and the essential requirements of Regulation (EU) 2016/424 21
