European foreword 3

Introduction 8

1 Scope 9

2 Normative references 9

3 Terms and definitions 10

4 Requirements 11
4.1 Essential fire safety objectives 11
4.2 General 11
4.3 Grouping rules 13
4.4 Listed products 15
4.5 Non-listed products 21
4.6 Refurbishment and maintenance requirements 22
4.7 Products to be approved on functional necessity 23
4.8 Set of material requirements 23

5 Test properties 31
5.1 Summary of test methods 31
5.2 Modifications on test methods used in 5.1 36
5.3 Testing rules 37

6 Evaluation of conformity 39

Annex A(normative) Protocol for test specimen preparation in standard tests 40

A.1 Protocol for specimen preparation for tests according to EN ISO 5659-2 and ISO 5660-1 ..40
A.2 Protocol for specimen preparation of upholstered furniture assembled products for tests according to EN ISO 5659-2 and ISO 5660-1 40
A.3 Protocol for test specimen preparation for flame spread testing 41

Annex B(informative) Product classification guidance 42

B.1 Introduction 42
B.2 Multiple product classification 42
B.3 Test requirement set grouped for multiple product classifications 43

Annex ZA(informative) Relationship between this European Standard and the Essential Requirements of Directive (EU) 2016/797 aimed to be covered 47
