DIN EN 12081:2026-04 (E)

Railway applications - Axleboxes - Lubricating greases

Contents

Page

European foreword 3

1 Scope 4

2 Normative references 4

3 Terms and definitions 5

4 Restriction of greases 6

5 Technical specification 6
5.1 General 6
5.2 Technical specification content 6

6 Quality systems 7

7 Conformity assessment 7

8 Bearing speed classes 7

9 Production 8
9.1 General 8
9.2 Manufacturing procedure 8
9.3 Quality batch control 8
9.4 Traceability 8

10 Delivery 9
10.1 Packaging 9
10.2 Marking 9

11 Storage 9

Annex A (normative) Minimum requirements 10

Annex B (informative) Mechanical stability of rolling bearing greases under vibration stress 13

B.1 General 13
B.2 Description 13
B.3 Test procedure 13
B.4 Requirements 13
