## Railway applications - Track foundation - Observation and evaluation method of railway subgrade settlement and deformation

---

### Contents

Page

**Foreword**..... **iv**

**Introduction**..... **v**

**1 Scope**..... **1**

**2 Normative references**..... **1**

**3 Terms and definitions**..... **1**

**4 Technical provisions of measurement**..... **3**

**5 Observation marks and components**..... **3**

**6 Processing of observation data**..... **4**

**7 Observation schemes for earthworks**..... **5**

    7.1 Observation principles..... **5**

    7.2 Layout of observation points..... **5**

    7.3 Observation frequency..... **8**

    7.4 Protective measure of monitoring instrument..... **8**

**8 Prediction and evaluation**..... **9**

    8.1 Prediction and analysis..... **9**

    8.2 Evaluation on settlement or deformation..... **9**

    8.3 Track laying evaluation criteria..... **10**

**Annex A (informative) Frequency of earthworks settlement observation and track laying evaluation criteria**..... **11**
